

## ERROR FEATURE HAS EXPIRED

The following page introduces the solution for error: Feature has expired.

### Error:

When you launch application (take Sesam GeniE as example), if you meet license check failed dialog, click OK to close it. Below error messages pop up.

```
20200331_155731_GENIE.MLG - Notepad
File Edit Format View Help
Application name : GeniE
Application version : V7.13-15
ERROR: While checking out a licence.
Feature has expired.
Feature:          GENIE
Expire date:      15-jan-2020
License path:     C:\Flexlm\dnvs_38BAF847D542.lic;
FlexNet Licensing error:-10,32
```

### Solution:

Please check if the current date is beyond the expire date. If so, you can contact DNV sales or [support](#) to renew the license.
